

Certificate of Conformity

Banbury Plastic Fittings Limited are certified in accordance with ISO9001:2015 Quality System. We certify that all the products sold have been inspected and tested to ensure they meet the criteria specified in our product data sheets, which can be found on each and every product page on our website – unless otherwise stated or requested.

Records have been retained to demonstrate that a Quality System has been followed and that the required standard have been achieved.

Copies of our ISO9001:2015 Certificate and all other certificates, downloads and insurances are available if needed from our website :
