STANDARD CABLE TIES

Material: Nylon PA66

Flammability Rating: UL94 – V2

Working Temperature: -40°C to +85°C

Heat & UV resistant available

Smoke Density: Flaming – 35

Non Flaming – 13

All of our goods are ROHS compliant

Our range of Standard Cable Ties is UL Approved & Conforms to Mil Spec 23190E, these Ties are also randomly tested to make sure they comply with the minimum tensile strength.

Breaking Strains:

2.5mm Wide Ties – 8.1kg (18lbs)

3.6mm Wide Ties – 18.2kg (40lbs)

4.8mm Wide Ties – 24kg (50lbs)

7.6mm Wide Ties – 54.4kg (120lbs)

9.0mm Wide Ties – 79.4kg (175lbs)

13mm Wide Ties – 114kg (250lbs)

Black Cable Ties always recommended for outdoor use, due to higher carbon content.

If you need any more specific information, please feel free to give us a call & we will do our very best to find out.
